

April 4, 2011

This letter is regarding Canyon Rim Manor a licensed Assisted Living Community in Maupin, Oregon that has a special Medicaid contract with the State of Oregon to provide “Specific Needs Services.” We will continue to serve typical Assisted Living residents, as well as a few eligible clients under this special contract.

Under this contract, we will be providing an enhanced scope of services for a very small targeted group of individuals with a physical disability or a behavioral disorder resulting from brain injury, progressive neurological disease, cognitive disorder or mental illness. Individuals are eligible for these services if they:

- require full assistance in one of the following ADLs: Mobility, Eating, Toileting or Cognition; and
- have cognitive impairments which require daily monitoring; and
- have behaviors that require individualized behavior management plan which is reviewed monthly.

Our enhanced service capacity includes additional hours for direct care staffing, on-site skilled nursing, behavioral consultant services and social-recreational activities.

On a separate but related note, Canyon Rim Manor has also recently installed a secure door system which further supports a safe environment for any resident who may be at risk for going outside without supervision due to impaired confusion or judgement.

Canyon Rim Manor accepts Medicaid, Veteran’s and Long Term Care Benefits. Should you wish to visit for a tour or have any questions, feel free to call or email.

Best regards,

Louise Sargent
Director, Canyon Rim Manor
